

1. We ask anyone showing signs or symptoms of Covid - 19 please not attend any events held in our facility
2. Please be sure to take your temperature before you leave to attend an event in our facility, and if you are 100 or above, please do not attend.
3. We will ask people not to show up more than 20 minutes prior to when they are scheduled to compete. This is to ensure the group before you has time to complete wrestling and clear out of the facility prior to your entry.
4. We will ask people keep attendance down to 1 person per wrestling. Masks will be required for all but the wrestlers. This includes coaches, parents, siblings, fans, etc.
5. We ask that no one eat food inside the academy during the event. Athletes drinks are fine.
6. Please be sure your wrestler's finger nails are clipped prior to showing up for your first match. We need to move matches along quickly and waiting for someone to clip their nails slows the day down for everyone.
7. Finally, it should do without saying that we expect everyone to be respectful to everyone else in the facility. We are fortunate to be able to provide wrestling opportunities to kids and we ask that we all remember that regardless of the situation.

We look forward to hosting all of you!
